EARLY CAREER

RESEARCHERS NETWORK

The 3RCC Early Career Researchers Network (ECRN) unites young researchers from different research fields that approach animal experimentation from different angles, with the goal of facilitating communication and collaboration between them.

WHO?

For PhD students and early postdoc (5 years after PhD graduation) involved in 3R projects or interested in 3R matters

Contact us and join the network :
info@swiss3rcc.org !

YOU ARE **INVITED** TO OUR **NEXT WORKSHOP!**
TOPIC: BRINGING STORY TO THE 3Rs
THURSDAY DECEMBER, 14TH

WHERE?

Hochschulstrasse 6, 3012 Bern H6-101

WHEN?

13:30 to 17:00 followed by a social Glühwein/Vin chaud/Vin brûlé at the bernese Christmas market

WHAT?

Join us in an exploration of how to effectively communicate your 3R research

Invited speakers and facilitators:

- **Dr. Maïke Heimann**, Swiss Association of Veterinarians in Industry and Research: *"The public may not know about it - we need to talk about animal research and the 3Rs"*
- **Sam Speaks Science**: improvisation and storytelling, build your own narratives

REGISTRATION

The event is free of charge but seats are very limited, don't wait to [register here](#) !
