

# Knowledge Transfer Grant 2025

**Deadline: July 1<sup>ST</sup> 2025**

**Providing opportunities for individuals aiming to travel to other institutions and gain the specific knowledge needed to further the 3Rs**

REPLACEMENT

**Your paragraph text**  
Starting a new project using organoids for the first time?  
Why not get the basics by visiting an experienced lab first?

REDUCTION

Want to analyse your results with a new statistical approach?  
Why not spend some time with the group that developed it?

REFINEMENT

Working at an animal facility and want to get a different perspective? Visit a facility in industry and learn how they do things.

## Eligibility

To be eligible for the Knowledge Transfer grant, you should:

- ➔ be working in Switzerland.
- ➔ have a specific 3Rs-related project already in mind or in development.
- ➔ have no concurrent 3RCC large- project grant running at the same time
- ➔ have an agreement in principle with the hosting institution.

We fund:

- ➔ 1-day to an 8-week stay
- ➔ up to CHF 10'000.- in travel, expenses and consumables.
- ➔ Swiss collaborations will be favoured
